NEIONE•DUAL•CAPSULES

Molecule of Life - a special complex of the most effective and powerful antioxidants of natural origin - flavonoids (obtained from the leaves of *Camellia sinensis*) - awarded the gold medal of the World Intellectual Property Organization WIPO AWARD

- ✓ protects against the negative effects of free radicals, which play an important role in many diseases of civilization. They protect the DNA of cells and support the proper function of the immune system. Contributes to the stimulation of physical and mental activity and has a beneficial effect on the heart. It also counteracts fatigue. It has antioxidant effects, helps maintain normal blood sugar levels and supports fat oxidation. The effects of this complex are very complementary to those of vitamins and have significant benefits for the human body.

Horsetail extract

- ✓ A unique source of biologically bound **silicon**. It helps maintain strong, flexible and impermeable blood vessel walls and supports the supply of oxygenated blood to the heart muscle. It has a beneficial effect on liver function and contributes to its protection from toxic substances. It supports resistance and the maintenance of normal urinary function.

Composition

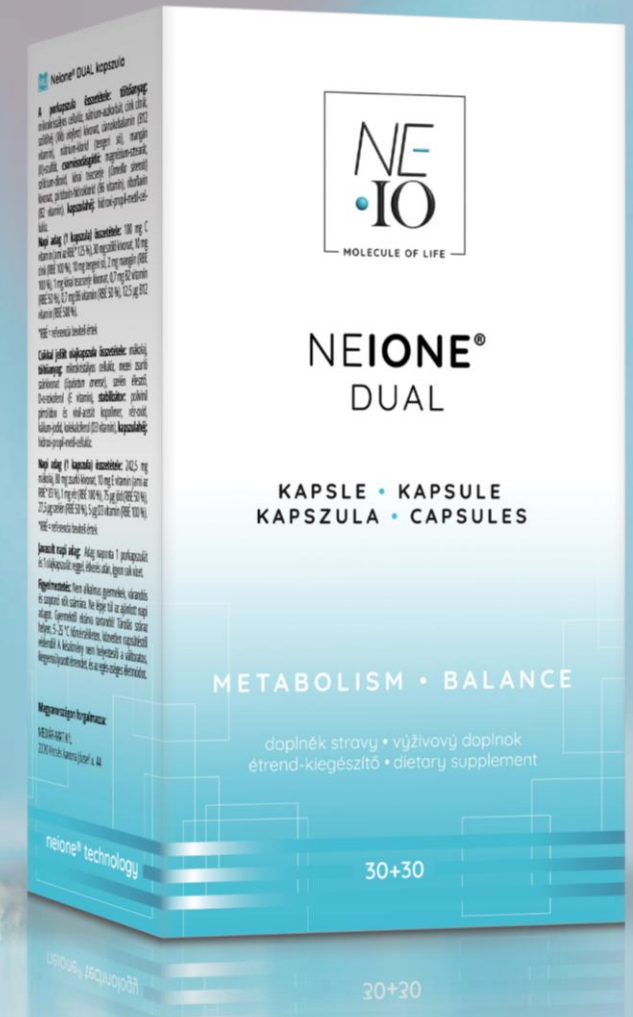

NEIONE•DUAL•CAPSULES

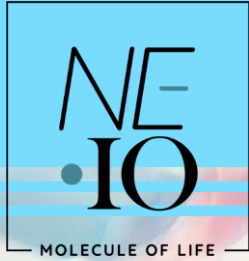

Vitamin C

- ✓ It strengthens the function of the immune system and contributes to the protection of cells from oxidative stress. It supports energy metabolism, reduces fatigue and exhaustion, increases iron absorption and contributes to the regeneration of the reduced form of vitamin E. It supports the maintenance of collagen formation for the function of bones, cartilage, gums, skin, teeth and blood vessels. It contributes to the normal function of the nervous system and supports mental activity.

Grape peel extract

- ✓ It helps protect cell membranes against the destructive action of free radicals in the body. It contributes to the protection of the integrity of the vascular system, has a positive effect on the heart, blood circulation and blood pressure. It helps in reducing and maintaining body weight. It has a beneficial effect on the appearance and quality of the skin.

Composition

NEIONE•DUAL•CAPSULES

Zinc

- ✓ It supports the function of the immune system and, as an antioxidant, protects cells from oxidative stress. It contributes to the maintenance of the normal condition of the skin, bones, hair and nails, as well as to the maintenance of vision. It supports the formation of DNA and proteins, helps to maintain a normal level of testosterone in the blood, supports fertility and reproductive capacity. It participates in the proper functioning of the metabolism of proteins, carbohydrates, fats, fatty acids, vitamin A, as well as acids and bases.

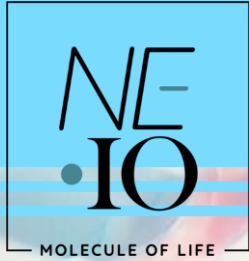

Selenium

- ✓ It supports the normal functioning of the immune system and the thyroid gland and supports the production of sperm. It helps maintain the normal condition of hair and nails, protects cells from oxidative stress.

Mangan

- ✓ It supports energy metabolism, contributes to the maintenance of normal bone condition, the formation of connective tissues and the protection of cells from oxidative stress.

Composition

NEIONE•DUAL•CAPSULES

Vitamin B2

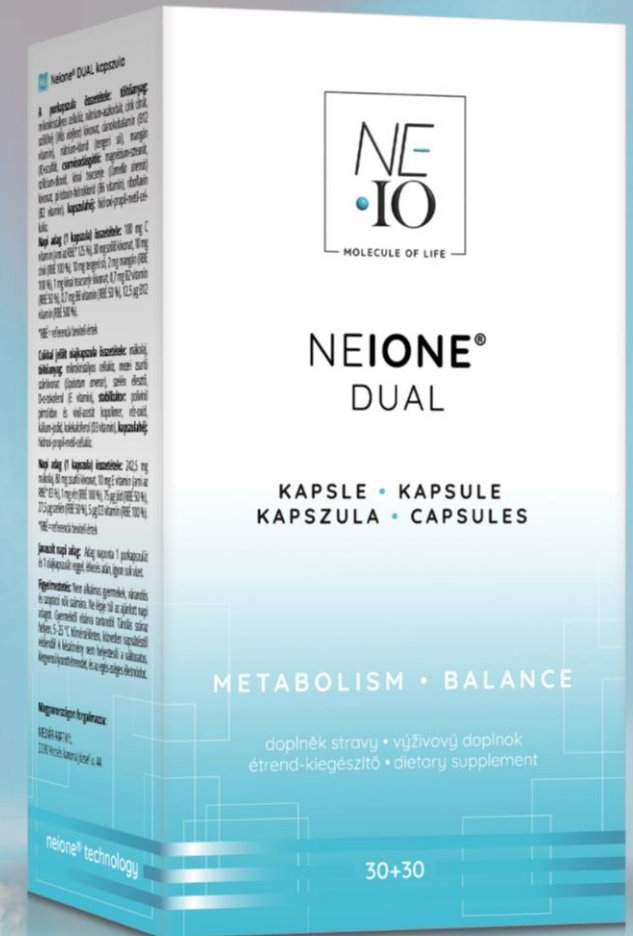

- ✓ It contributes to the normal functioning of the nervous system and supports energy metabolism, reducing fatigue and exhaustion. Protects cells from oxidative stress. It helps maintain normal iron metabolism and has a beneficial effect on red blood cells. It supports the maintenance of normal vision, skin and mucous membranes.

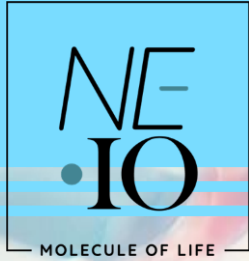

Vitamin B6

- ✓ It participates in the regulation of hormonal activity, supports energy metabolism, helps reduce fatigue and exhaustion. It contributes to the natural formation of red blood cells and supports protein metabolism. It helps maintain the normal function of the immune and nervous systems and supports mental activity.

Vitamin B12

- ✓ It supports metabolism, helps to reduce fatigue and exhaustion. It contributes to the normal functioning of the immune system and the nervous system and supports mental activity. It supports the normal metabolism of homocysteine, the formation of red blood cells and participates in cell division.

Composition

NEIONE•DUAL•CAPSULES

Copper

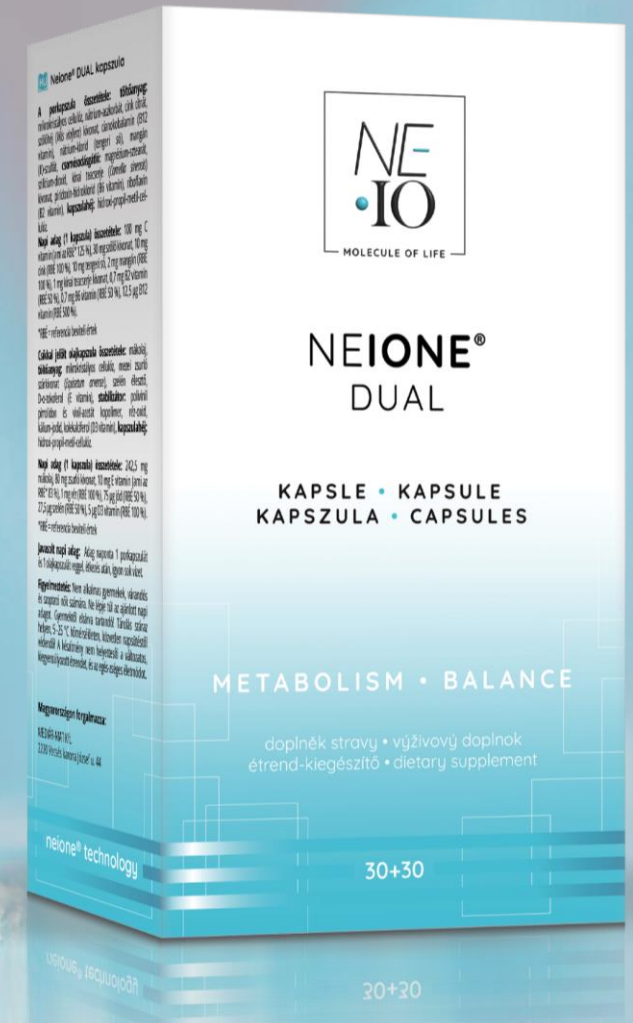

- ✓ It has a beneficial effect on connective tissues and helps maintain the natural pigmentation of the skin and hair. It supports energy metabolism and the proper functioning of the immune system and the nervous system. It contributes to the protection of cells from oxidative stress and supports the transfer of iron in the body.

Vitamin E

- ✓ It helps protect cells from oxidative stress.

Vitamin D3

- ✓ It contributes to the normal absorption and utilization of calcium and phosphorus, supports the maintenance of normal blood calcium levels and muscle activity. It helps to maintain the normal condition of bones and teeth. It supports the function of the immune system and is involved in the process of cell division.

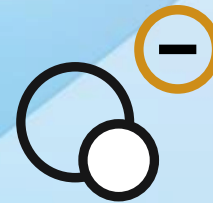

The production technology is a combination of the **patented technology of the flavonoid complex "Molecule of life"** and **NEIONE technology** with the creation of high-energy negative ions in a wide pH spectrum.

PATENTED TECHNOLOGY SLOWING AGING

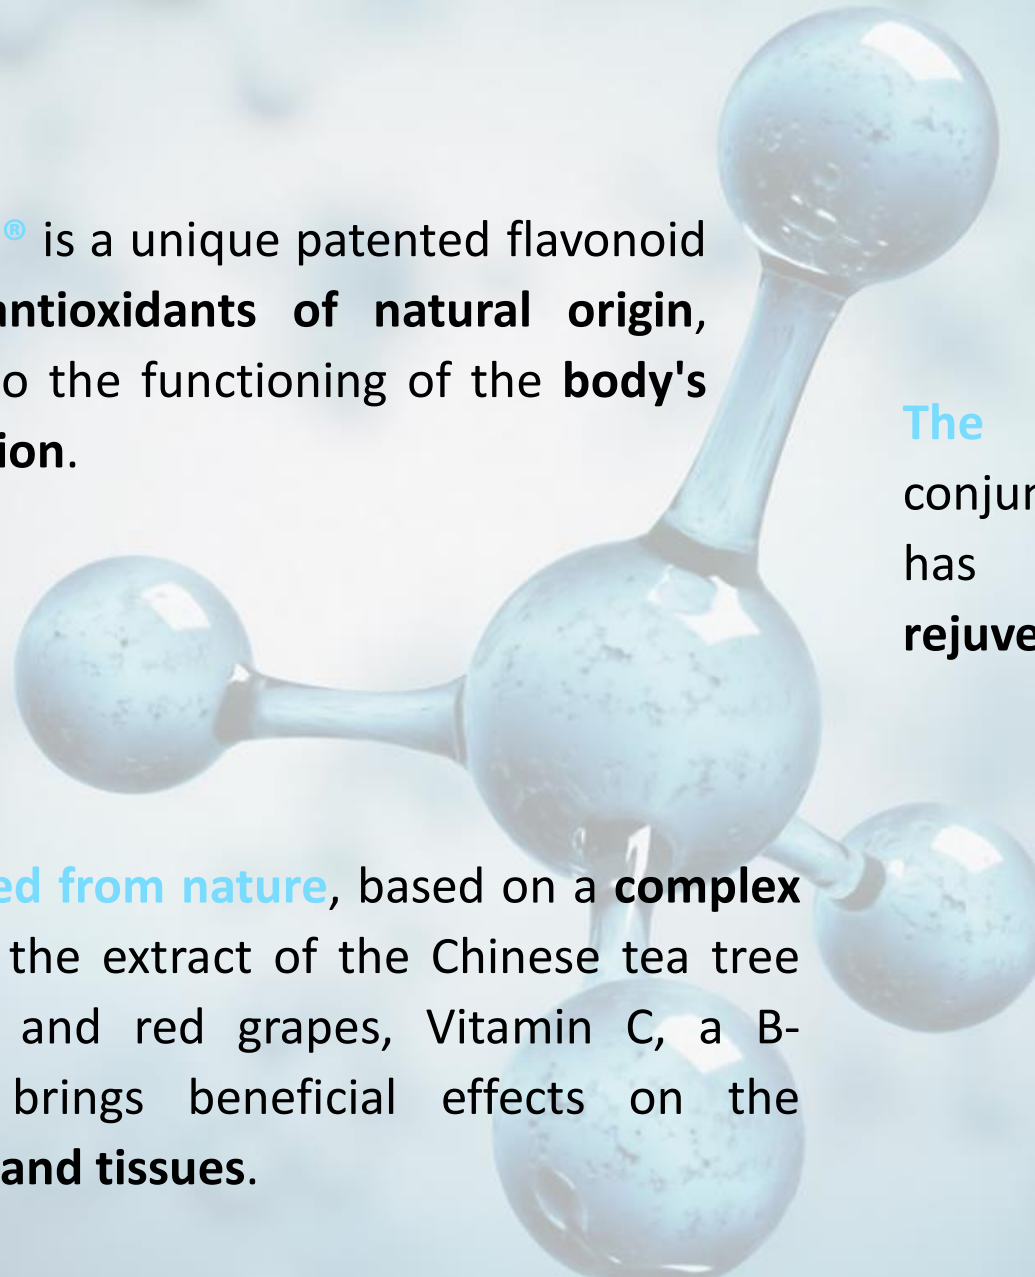

MOLECULE OF LIFE®

MOLECULE OF LIFE® is a unique patented flavonoid complex, full of **antioxidants of natural origin**, which contributes to the functioning of the **body's antioxidant protection**.

A **molecule extracted from nature**, based on a **complex of flavonoids** from the extract of the Chinese tea tree (*Camellia sinensis*) and red grapes, Vitamin C, a B-vitamin complex, brings beneficial effects on the **functioning of cells and tissues**.

The **intelligent molecule**, in conjunction with negative ions, has a unique function of **rejuvenating the body's cells**.

PATENTED TECHNOLOGY SLOWING AGING

„Nature has given us everything we need to make our own health decisions and has created substances whose phenomenal properties for creating universal balance are simply admirable.“

Stem molecules in plants are created during photosynthesis. They are by-products of plant metabolism. They are present in plants in liquid form and their function is to protect the vegetation from external and internal damage. Thanks to the patented technological process, the oligomeric forms of flavonoids in NEIO® are present in their original state. This means that the resulting molecules obtained by a specific process do not move out of their equilibrium position and their electric charge is in balance. As a result, in the human body they behave as a natural part of the organism, i.e. they fulfill their original function - **they create "order" and protection.**

MOLECULE OF LIFE® its properties provide cells with significant **protection** against various degenerative influences. It has a significant effect on **good health, longevity, vitality, growth and renewal.**

MOLECULE OF LIFE ®

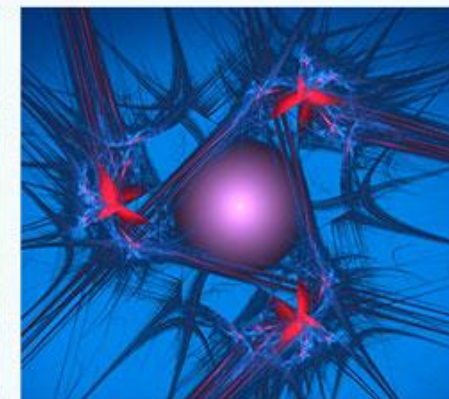

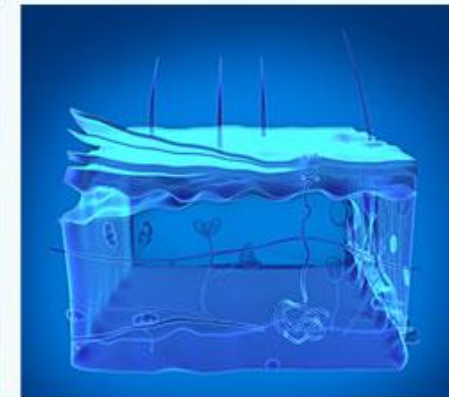

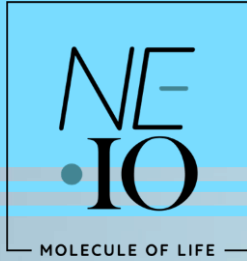

The authors of the unique MOLECULES OF LIFE®, whose research has been ongoing since the 1980s, received a gold award from the World Intellectual Property Organization in Geneva for the best scientific innovation in 2009 (WIPO AWARD).

The complex of flavonoids **MOLECULE OF LIFE®** with **paramagnetic potential** in NEIO® products contains a combination of **effective flavonoids**. They have been shown to have effects on enzymes, receptors and cell signalling. These properties play a **positive role** in influencing the inflammatory process in the body, the immune system, metabolism and also provide antibacterial and antiviral abilities.

Their effects on:

- **diseases of the heart and blood vessels (atherosclerosis)**
- **metabolic disorders**
- **neurodegenerative diseases (Alzheimer, Parkinson)**
- **chronic inflammations**
- **viral and bacterial infections**
- **oncological diseases**
- **skin aging**

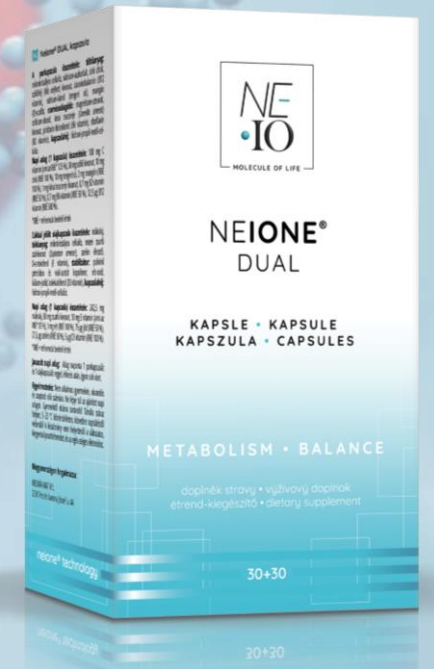

Composition

NEIONE•DUAL•CAPSULES

Vital Negative Ions - the vitamins of our lives

- they prevent oxidation by neutralizing free radicals in our cells. The result is the revival of cells and strengthening of immunity,
- they keep nervous and gastrointestinal functions in balance,
- relax the mind and body, promote healthy sleep,
- they improve metabolism, appetite and regulate blood pressure. After physical exertion, better recovery, a feeling of freshness, vitality and energy,
- rejuvenation - they help revive cellular metabolism, increase the vitality of muscle tissue and strengthen internal organs.

Negative ions are important for overall health.

CHARGED IONS IN THE CAPSULES ARE THE BASIS OF ENERGY FOR THE HUMAN ORGANISM AND ITS VITAL FUNCTIONS, ENSURING ABSOLUTELY UNIQUE ABSORBENCY ALL OTHER ADDED BENEFICIAL SUBSTANCES INTO THE CELLS

- METABOLISM
- IMMUNITY
- ENERGY
- STRENGTH AND ENDURANCE
- NERVOUS SYSTEM
- CARDIOVASCULAR SYSTEM

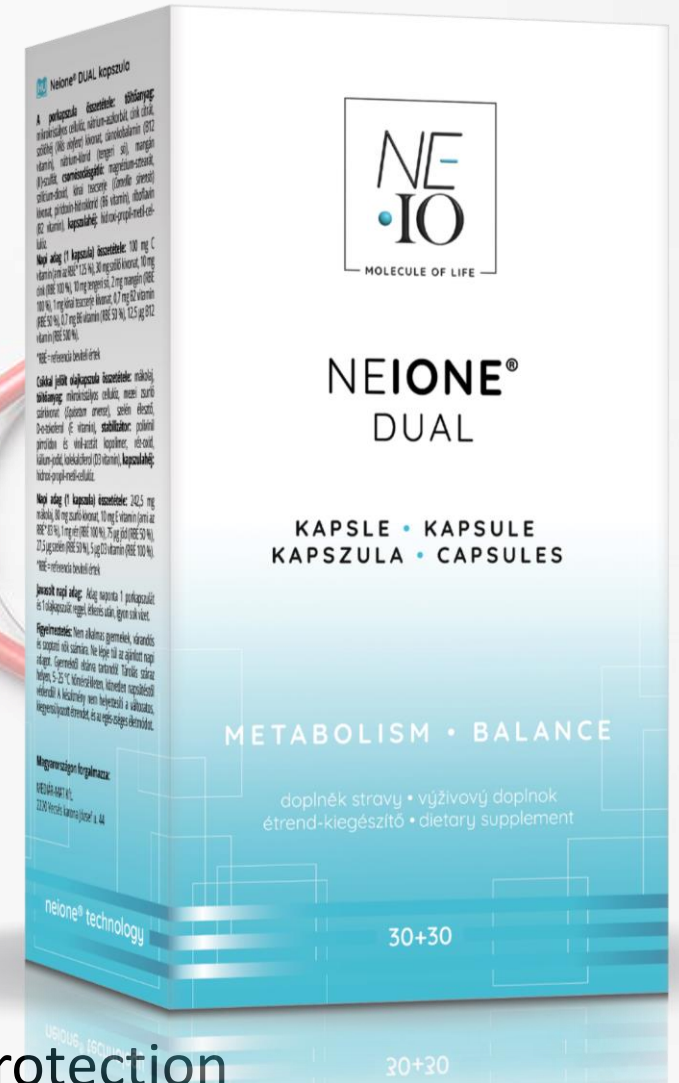

Recommended daily intake: Take 1 powder and 1 oil capsule daily in the morning after meals. Drink plenty of water. NEIONE•DUAL capsules can be used long-term. It has no side effects and is safe.
